Quick Setup Instructions

WARNING: Electrical and plumbing connections need to be made by a licensed service person and comply with all Federal, State and Local Health, Electrical, Plumbing and Safety codes.

Level dishmachine by adjusting leveling legs. Dishmachine must be level front to back and side to side to ensure proper performance.

Press and hold down the three Prime Switches for the chemical pumps until product is discharging into the machine.

Press and hold the Fill/Start Switch until the water level is approximately 1/2" to 3/4" below the overflow hole in the PVC standpipe.

MODEL AH FRONT VIEW

To start machine close the doors. The machine will automatically start and run through its cycle.
